

Truckee Has Big Business Gain In Past Five Years

Soda Springs, Truckee Are Listed As Leading In County Business

Nevada County listed 1.8 per cent more business in 1958 than in 1953 according to a report released today by Dun and Bradstreet.

Grass Valley realized a 17 per cent increase, Truckee a 23.5 per cent increase and Soda Springs a 23.1 per cent increase in the number of businesses for the same period, while Nevada City suffered a drop of 13.9 per cent.

"There were 448 businesses listed this past year in Nevada County which is an increase of eight businesses over 1953," said R. F. Cathcart, district manager of the San Francisco office of Dun and Bradstreet.

Basing his facts upon the figures in the current November, 1958, Reference Book, Cathcart points out that the 47 counties in northern California showed an increase of 4.0 per cent for the five year period.

The Reference Book lists only manufacturers, wholesalers, retailers, and some service companies, such as gasoline service stations and laundries. It does not include all professional and service businesses such as barbers and beauty shops, real estate and stock brokers.

This month business concerns in all parts of the country will receive requests for their annual financial statements. Requests this year will go to over three million businesses in over 50,000 communities in the United States which are listed in the Dun and Bradstreet Reference Book.

These statements become a part of the Dun and Bradstreet credit reports and a credit rating is assigned in the Reference Book. Each Reference Book listing is a condensed summary of the information contained in the Dun and Bradstreet credit report. The report includes an analysis of the financial statement, a history of the business, and a description of what the business does and how it pays its bills.

"More than 95 per cent of all commercial transactions in the United States are made on credit terms," continued Cathcart. "Dun and Bradstreet is an intermediary between the buyer and the seller. We gather and interpret essential credit background information which is used by business men who want to evaluate the credit risk before shipping or selling, by industry and insurance underwriting as a basis for business decisions."

Using the Dun and Bradstreet Reference Book listing as a guide here are the comparative statistics on the growth and industrial development by cities during the past five years:

GRASS VALLEY
Listing in November, 1953, 238; November, 1958, 242; up 1.7 per cent.

NEVADA CITY
Listing in November, 1953, 108; November, 1958, 93; down 13.9 per cent.

SODA SPRINGS
Listings in November, 1953, 13; November, 1958, 16 up 23.1 per cent.

TRUCKEE
Listings in November, 1953, 68; November, 1958, 84; up 23.5 per cent.

TWO BABIES ARRIVE AT HOSPITAL HERE

The first New Year baby at the Tahoe Forest Hospital arrived at 1:30 a.m., January 1st to Mr. and Mrs. James Baker of Tahoe City. Daniel Charles was 7 pounds, 7½ ounces on arrival. On New Year's eve, Miguel Gomez, 7 pounds, 2½ ounces, was born to Mr. and Mrs. Miguel Gomez of Truckee.

LAKE TAHOE SKIERS WILL MEET FRIDAY

TAHOE CITY—The Lake Tahoe Squaw Valley Ski Club will meet Friday, January 9 at 8 p.m. at the Tahoe City Community Center. Jerry Wetzel of Reno will speak on ski jumping techniques in conjunction with a film on the same subject.

VANDALS DESTROY WINDOWS AT HALL

At least a dozen windows in the Veterans' Memorial Hall were shattered by what officers believe were BB shots fired by youngsters. The vandalism occurred Monday evening. Deputy Roy Waters is heading the investigation.

LUNCHEON PLANNED BY WYETHIA CLUB

The first event of the new year for the Wyethia Club will be a luncheon meeting to be held tomorrow at one o'clock in the new dining room of the Alpine Riverside Hotel in Truckee. Mrs. W. D. Randall announced this week.

Members are urged to attend to hear of the organization's plans for 1959.

25 Inches of Snow Falls To Provide Good Area Skiing

During the storm on the 5th and 6th, Truckee received 25 inches of snow with precipitation measuring 2.54 inches, according to the U. S. Forest Service.

The storm brought the total precipitation for the season to 6.12 inches which is more than three inches below normal for this date, the normal being 9.73 inches.

Considerably more snow fell in the ski areas and at Lake Tahoe, providing excellent winter sports conditions throughout the region.

All roads, including the shortcut to Lake Tahoe were kept open and travel was not hindered to any degree.

Donner Property To Be Sold Soon

The division of highways announced this week that a public auction will be held starting at 11 a.m., January 15, to dispose of three cabins located on rights of way acquired for the construction of a section of freeway on Highway U. S. 40. The improvements are located north of the existing highway at the east end of Donner Lake.

Highway officials said the sale will start at the cabin formerly owned by John Hoving that is located at the intersection of Norden Drive and Sierra Drive. Payments of the price of the bid must be made at the conclusion of each sale. Unless the property is purchased for resale, sales tax will be collected. The successful bidder will be required to furnish a faithful performance bond in the amount of \$500.

The cabins must be removed from the freeway right of way prior to June 1, 1959. It is anticipated construction on this portion of the freeway over Donner Summit will be started shortly after this date.

Cabins may be inspected by prospective bidders on the day of the sale from 10 a.m. to sale time.

LOCAL PEOPLE ARE HONORED IN TEXAS

Mr. and Mrs. Earl Brown who recently returned from a vacation trip to Florida will long remember the pleasant experience they had in the little town of Van Horn, Texas.

While passing through the town they were stopped by an official car in which the president of the chamber of commerce was a passenger. They were advised that each month the chamber selected a "tourist of the month" for signal honors.

The Truckee couple were escorted to their hotel, provided with an excellent dinner and breakfast and given theater tickets. Their car was serviced and the tank filled with gasoline—all on Van Horn.

They learned that each month an out-of-state car was selected on a given date and given the same royal treatment.

TABE BISHOP WILL HEAD SUPERVISORS

Election of W. W. (Tape) Bishop of Grass Valley as chairman for the coming year featured Monday's meeting of the board of supervisors. Bishop replaced H. G. Loehr of Truckee who has held the post for the past two years.

Since there were no new supervisors to be sworn in, the meeting was more or less routine. All committees were reappointed and an official goodbye was said to retiring officials John Nettell, as county recorder and George Gildersleeve, district judge.

Hostess At Buffet

Mrs. Eve Popovich was hostess at a New Year's eve social gathering and open house at her home last Wednesday. More than 40 friends gathered to enjoy the cocktails and buffet as they watched the old year go and 1959 come into being.

HOUSE GUESTS

Mr. and Mrs. Anthony St. Claire of Donner Lake had as their holiday house guests there son, Don who has returned to Philadelphia to school, Miss Sue Valentine of New Jersey, Frank St. Claire and Miss Evelyn Hood of San Francisco, Russell and Mary Lapham of Orinda.

Majority Of Lake Owners Ask That Level Be Retained

40 Per Cent Say Adverse Conditions Resulted By High Water

Some 40 per cent of Lake Tahoe's shoreline property owners have experienced adverse effects from high water conditions in recent years.

This was one of the key findings of a public opinion survey of the Sierra resort area, the results of which were released this week by the California-Nevada Interstate Compact Commission.

The poll, conducted by Field Research Company of San Francisco, also produced several other findings:

1. More than half of all property owners interviewed favor "no change" in the lake level operation.

2. Among property owners harmed by high water conditions sentiment is strong that something be done to correct the situation.

3. The plan most generally favored to alleviate high water damage is lowering the top lake level one foot and providing replacement water storage elsewhere.

4. Only a small percentage of the land owners would be willing

Continued on Page 8

Democrats Meet To Name Favorite

Representatives of Democratic organizations of Placer, Nevada and Sierra counties met in Grass Valley recently to plan for the senatorial endorsing convention to be held in Grass Valley on Jan. 10, beginning at 9 a.m. The convention will nominate a democratic candidate to run for the state senate seat formerly held by Congressman Harold T. "Bizz" Johnson.

Among the rules proposed for the convention was one that would require for endorsement 60 per cent of the votes cast.

Delegates eligible to attend the all-day event, to be held at the Veterans Memorial Building include members of the Democratic Central Committees of the three counties, members of all clubs officially, chartered prior to Nov. 4, 1958, and elected non-partisan county and local officials who are registered Democrats.

Any potential candidates are invited to contact the chairmen of their respective County Central Committees for further information.

COLONEL LEITCH IS NAMED BY GOVERNOR

Local friends of Colonel Kenneth H. Leitch will be pleased to learn of his reappointment as director of the selective system in California by Governor Edmund G. Brown.

Leitch, well known here where he often visited his brother, Arthur Leitch, former manager of the telephone company here, now at Placerville, has been director of selective service since 1942 and prior to that with the board of equalization and with the adjutant general's office.

CHAMBER TO MEET NEXT WEDNESDAY

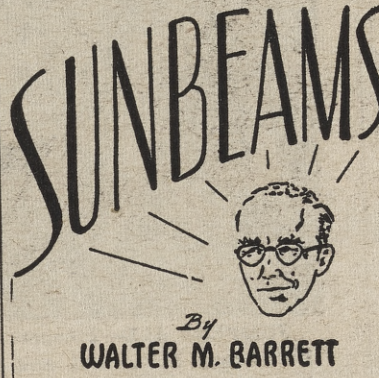

N. F. Dollev, president of the Truckee Chamber of Commerce has called a meeting of the board of directors and members for Wednesday, January 14, at the Alpine Riverside Hotel for luncheon at noon. Important business will be discussed, including the possibility of changing the name of the organization to the Truckee-Donner Chamber of Commerce.

DEPUTIES RENAMED BY CORONER HERE

Coroner Alva Hooper today announced the reappointment of his seven deputies in Nevada County.

They are N. F. Dollev and Roland Garwood of Truckee, Paul Bergman and Charles Gordon of Nevada City and Shirley Brattin, Walter Smith and Leonard Prisk of Grass Valley.

Hooper was reelected without opposition at the primary election last year.

Englehart Retires Following Sale Of Coca-Cola Rights

Son Of Veteran Bottler To Start New Business At Plant

William M. Englehart, Sr., owner and manager of the Coca-Cola Bottling Company since 1928, announced this week that he is retiring from active business. He has sold the Coca-Cola bottling franchise to Jack Sellers of the Coca-Cola Bottling Company of Sacramento.

At the same time it was revealed that William M. Englehart, Jr., who has been associated in the business with his father for the past 20 years or more, is starting a new company.

The local concern will be known in the future as the Truckee-Tahoe Bottling Company and will continue operations as in the past with the exception of bottling and distributing Coca-Cola. The Olympia beer franchise will be retained and the company will continue to bottle soft beverages such as the popular Squirt, root beer, and orange with the possibility of adding to this line.

Englehart said the pressure of increased demands and the high cost of operation, including \$23,000 expended last year for salaries alone, to say nothing of \$9,000 lost in bottles, prompted him to dispose of the Coca-Cola franchise. A new method of mixing would have been costly and continued increases in operational costs were decisive reasons for selling.

Englehart, Jr., has been associated with his father for the past 20 years and is thoroughly familiar with the operation of the plant and business.

The plant, incidentally, was enlarged and improved only last year with considerable warehouse space and facilities to provide for the rapidly increasing business.

The new owner indicated that the same basic policies would be continued under the new management.

His many friends will wish all happiness to the retiring businessman and success to the new owner.

FATHER OF TRUCKEE WOMAN DIES AT BAY

Mrs. Roy Waters was called to San Mateo Sunday by word of the sudden death of her father, Arthur Warren, 77, who expired in his sleep at his home. Funeral services were held Tuesday under the auspices of the Masonic Lodge of San Mateo.

Warren was a former member of the board of supervisors of San Francisco and during World War I was in Europe on the Hoover Food Commission.

Beside the local woman, the deceased leaves his wife, three other daughters and a son.

FIRE-ETTS WILL HOLD MEETING TONIGHT

The Truckee Fire-etts, the recently organized auxiliary of the Truckee Volunteer Fire Department, will hold a dinner meeting at Smart's tonight. Cocktails will be served at 7:30 and dinner at 8, with the business meeting getting under way at 9 p.m.

PAUL LEAKE NAMED CHAIRMAN OF BOARD

Paul R. Leake, Woodland Publisher, has been elected chairman of the new All-Democrat State Board of Equalization.

Leake has been a board member since 1952, replacing the late Gerald Seawell in this district and succeeds George R. Reilly of San Francisco as chairman. This marks the first time in the 80 year history of the board that all members are democrats.

"We will not cling to the party line in carrying out our official duties," Leake said. "We will function not as partisan democrats but as faithful servants of all the people."

BOARD TO MEET

The next meeting of the governing board of the Tahoe Truckee School District will be held next Tuesday, January 13 at the school. Routine business will be discussed.

DRIVER FINED

Roland C. Clark, 34, El Cerrito, was fined \$263 when he appeared before Judge F. W. Wilson this week. He was arrested Friday on a drunk driving charge by State Patrolman William Gautsche.

Basketball Games Will Resume With Carson Here Fri.

BY JOHN FIRPO

The Tahoe Truckee Wolverines will play host to two clubs over the weekend. First will be tomorrow evening when they take on the Carson City Senators and then Saturday they challenge the Winnemucca Buckaroos.

Both teams are tough and will provide the Wolverines with their hardest weekend of competition. Both teams were eliminated in the semi finals of the zone tournament with Truckee winning over the Senators in their part of the competition.

Carson is "AA" while the Buckaroos from Winnemucca are the favorites to take the "A" Championship. Truckee will be looking forward to their 4th win without a defeat. So far the Portola, Manogue, and Quincy have fallen victims of the Wolverine machine this season.

Game time for the JV tilts is 6:45 while Varsity games open at 8:00.

Truckee Fails To Share In Sales Tax

During the final quarter of 1958, Nevada County received \$67,970 in county sales tax administered by the state board of equalization.

From this total Truckee, as a community, received nothing, although Grass Valley gained \$16,976 and Nevada City \$6,142.

The unincorporated area of the county, which does include Truckee received \$44,852. This latter sum is administered by the board of supervisors, while the portion returned to Nevada City and Grass Valley goes for city benefits.

ATHLETIC CLUB TO START BASKETBALL PRACTICE TONIGHT

The Truckee Athletic Club's inner city basketball league will commence the season's reorganization practice this evening at 7 p.m. in the high school gymnasium.

Robert Tonini said that all past and potential players and coaches interested in turning out may contact him. The evenings for play will be Tuesdays and Thursdays each week during the season.

ODD FELLOWS HAVE BUSY MEETING HERE

At the first meeting of Truckee Lodge No. 162, I. O. O. F. since its reorganization recently, was held at the hall Tuesday night. The members decided to change the regular meeting dates from the first and third Tuesday to the second and fourth Tuesday of each month.

Considerable work faces the membership and officers in re-vamping the by-laws and other re-organizational processes and 100 per cent attendance at meetings is urged. Charles Vind is noble grand and Fosten Wilson, secretary of the lodge.

ENGLEHARTS HOSTS AT OPEN HOUSE

Sunday afternoon, from 2 until 5 o'clock, Mr. and Mrs. William Englehart, Sr., held an open house for their friends.

The group spent the pleasant hours visiting with their hosts. Refreshments were served during the party.

OLYMPIC FILMS TO FEATURE PTA MEET

The high school P. T. A. meeting will be held at the high school cafeteria at 8 p.m. Thursday, January 8th. The program will be centered around the showing of the Olympic Games at Cortina, Italy. Mrs. Adeline Gunkel cordially invites all parents and friends to attend, and give the first meeting of the year a successful send off.

Prior to the regular meeting, there will be a board of directors get together in the principal's office at 7:30 p.m.

Visits Brother

Mrs. Charles Heller has been at the bedside of her brother J. D. Lake who is seriously ill at San Rafael.

Lake is well known in this vicinity, having lived at Meeks Bay.

Snowfall Will Be Less This Season, Forecaster Says

250 Inches Of Snow Will Fall On Summit For Current Year

Despite the late arrival of winter, there will be a total snowfall of from 250 to 290 inches, plus or minus ten per cent, at Soda Springs near Donner Summit this winter, Weldon F. Heald, the Sierra Club's snow forecaster, predicted.

This snowfall is substantially less than the total for the 1957-58 season which ended June 30, 1958 when the total snowfall was 425 inches up to April 1. The weather bureau's observations ceased on that date and, for the first time in 80 years, a complete record of the year's snowfall at Soda Springs is lacking.

Heald estimated the total for the year as 442 inches. He had predicted a top figure of 375 inches and he admits he was too conservative.

Snowfall up and down the Sierra Nevada is generally proportional to the fall at Soda Springs so that lighter snow this year than last may be expected over a wide range. Looking ahead, Heald said:

"The annual total snowfall should continue to go downward for a span of perhaps two years to a 14-year minimum. This could be in 1959-60 or 1960-61. Perhaps this doesn't look too good for the Winter Olympics in the spring of 1960 but a minimum at Squaw Valley does not, fortunately, mean not enough snow for good skiing."

Heald selected Soda Springs as the basis of his snow forecasts because weather bureau snowfall records there go back to 1878-79 and because a Sierra Club ski lodge is located at Norden, nearby. He supplements these by studies of tree rings which carry the records back to 1811.

These studies reveal a cyclical rise and fall in total snowfall there spanning about 15 years. The 1951-52 record snowfall of 788 inches at Soda Springs (the year the streamlined train was buried in the snow) which Heald predicted two years in advance culminated one of these 15-year cycles and then the trend turned downward. The bottom year of the cycle may bring only 200 inches of snow or less, Heald believes.

Heald, a resident of Tucson, Arizona, has been a student of Western weather, climate and glacier behavior for many years.

New Dining Room At Hotel Is Open

The attractive dining room and coffee shop at the Alpine Riverside Hotel opened New Year's and the manager of the hotel, William Fowler, reports a thriving patronage.

Currently the remodeled facility is open from 6 a.m. until 9 p.m., but Fowler said arrangements will be made later to operate the coffee shop on a 24-hour a day schedule to accommodate Greyhound bus passengers as well as others wishing late service.

Mrs. Lillian Gaar, a chef with many years of experience in food handling, is in charge of the kitchen and dining room.

BOARD OF TRADE IN DOUBT BY ACTION

Apparently as a result of the board of supervisors refusal to honor a bill for \$135 for a portion of an exhibit used at the Los Angeles County fair, the Nevada County Board of Trade, as an advertising unit is through.

It takes a four-fifths vote of the board for payment and Supervisors Guy Robinson and Jay Coughlin both refused to vote approval with H. G. Loehr, W. W. Bishop and Mosco Smart voting to honor the bill. Donald E. Breuer, chairman of the board of trade has asked the supervisors to consider dissolving the board entirely. The board of trade has been putting on the exhibits at the state fair and has done a creditable job.

MOTION PICTURES TO BE PTA MEET SUBJECT

A meeting of the Truckee elementary school P. T. A. will be held at 8 o'clock, January 12 in the edifice.

The program will include a question and answer period on the subject of moving pictures, with Jack Neugebauer as guest speaker.

Mrs. W. D. Davis, vice president, will open the session, due to the absence of Mrs. Roy Saarni, president who is reported recovering from injuries sustained when she recently slipped and fell.

NELSONS SELL DONNER PLACE TO BAY FOLKS

Mr. and Mrs. Berger Nelson announced this week that they have sold the Donner Pines at Donner Lake to Mr. and Mrs. Bud Bollock, formerly of Carmel.

The Nelsons plan to make their home at Los Altos but will frequently visit the vicinity where they continue to have interests.

AFFAIRS OF STATE
Henry C. MacArthur

SACRAMENTO (CNS)—If Governor-Elect Edmund G. Brown is having any difficulties in determining that Seth Gordon should be relieved of command of the state Department of Fish and Game, a \$100,000 independent survey of the Gordon regime should make it easier.

Of course, the very face that such an investigation was desired or necessary should throw some light on the acceptance of the erstwhile Pennsylvanian and his methods of operation. The study was demanded by sportsmen in 1957 when a general license fee increase was asked.

The sportsmen said, in effect, they would not object to paying the extra \$3 million a year in fees but wanted to know where it was going, as well as what was happening to the millions already being paid in license fees. A half-dozen surveys of various extents had been made by state agencies or legislative committees but none of these had been satisfactory. Such studies had gone into fiscal policies and had not touched on controversial matters. Gordon, like a number of other successful bureaucrats, operates under the theory of swarming all over such investigations with his high paid personnel, thus making the end product something less than complete.

This was not exactly the case in the report just submitted by Booz, Allen and Hamilton, a national management consultant firm.

The report does not single out Gordon or any of his lieutenants for individual criticism by name. But it calls for a halt, or at least a sharp change in course, for just about every program Gordon has initiated since he first came to California in 1951.

Its criticisms of lack of unity

in the Department and the fact that, below the director and his deputy there are "too many chiefs and not enough Indians" is another commentary on Gordon's methods of operation. For, as Director of the Department since its creation, he is largely responsible for its internal working and table of organization.

On policy matters, the report called for a reversal of emphasis from the expensive "put and take" hunting and fishing provided by Gordon to the development of natural habitat and streams to benefit natural, and less expensive, propagation of wildlife.

Unfortunately, most every point in the report has been recommended in the past by a considerable number of persons—many of them responsible. Thus, in a sense, the expenditure of \$100,000 was necessary to give official recognition to suggestions and criticisms that have been coming in for years.

For the most part, the Department and Gordon have paid little heed to such suggestions, operating under the theory of some other state departments that the general public is lay and thus not qualified to suggest how state agencies conduct their business.

It was a lot of money to spend for a restatement of previously known facts, figures and opinions. However, with Department heads permitted to entrench themselves so firmly, with high-ranking and non-dischargeable civil service personnel setting much policy, it was about the only method by which such criticism could be given status.

As these things often go, the \$100,000 apparently didn't provide enough for a proper summary of the bulky, 600-page report. The result is that it's doubtful how many legislators actually will wade through it.

This leaves the door open for "interpretive" summaries of the document to be written by the Department, glossing over the critical points. Gordon's staff no doubt are busy with this chore at present.

With such a bundle of criticism

TRAFFIC DEATHS

There were more Americans killed in traffic accidents in 1957, than in 1958 reports the California State Automobile Association.

and suggestion together in one report, however, this would seem an opportune time for a new director to take over and evaluate the situation and take it from there.

PEDESTRIANS BEWARE

More pedestrians are killed in cities while crossing with the traffic signal than are killed while crossing against it. Don't rely blindly on traffic lights, says the California State Automobile Association. Look both ways before crossing streets.

STRICTLY STRICKLAND

By Bill Strickland

An addition to the competitive events of the 1960 Winter Olympics will be the biathlon—in case you're wondering about a biathlon, let me give you a clue.

A biathlon is a combination of cross country running and marks-

manship. Four shooting stations are designated on the course. Four ranges from 250 yards and a twelve inch bulls eye, to 100 yards and a five inch bulls eye. In between 200 yards and 10 inch bulls eye and 150 yards and 7 inch bulls eye. The fourth station 100 yards—requires off hand firing. Five shots are taken at each station. The regular cross country time is recorded, but for each miss in marksmanship, two minutes are added to the running time. Say your cross country time for 20 kilometers—12.4 miles were 1 hour and 19 minutes. That's pretty good time. But, if you hit only 50 per cent of your shots (10

missed), 20 minutes would be added to your time. Total 1 hour and 39 minutes. A second place cross country runner could come in with a time of one hour and 26 minutes, but with only two misses in marksmanship, a total time of 1 hour and 30 minutes. A third runner with cross country time of 1:28 and only two misses—1:32:00 total time. So even though the 1:19:00 running time was well in front, other racers who were better marksmen overtook the leader. The above supposition happened last year in Finland—between a Russian and two Swedish racers, with the above results.

So a good cross country runner who is also a sharpshooter could attain some pretty good results.

Two Nordic events will be held this coming Saturday and Sunday, January 10-11, at Heavenly Valley. Class A, B and intercollegiate racers will be striving for credits in cross country and jumping. Junior points will be the goal of about fifty 13 yr. olds and under, for team selection for the Junior National Team for the same events.

FISH LIMIT DROP IS VIEWED IN REPORT

SACRAMENTO-(CNS)—California trout fishermen who fish for planted catchables in easily accessible waters may look for drastic reduction in the limit—perhaps down to five fish—if the report of the \$100,000 investigation of the fish and game department is heeded.

The recent report of Booz, Allen and Hamilton said the present limit of 15 fish in waters where most fishing is the result of artificial stocking is "unrealistic." It said five fish would be more realistic, although a limit of 10 might be a nice compromise figure for the interim.

The report doesn't say it but it apparently realized any drastic reduction of the trout limit, just after the ante for a trout license was boosted to \$5, would cause a general rebellion among troutsmen.

The report, without saying just

Memorial Giant Slalom for juniors will be held Saturday, January 10, in the Sugar Bowl. Besides being the first competition of the season, it will also be served as a means of selecting the quota from this area for F.W.S.A. competition. Contestants will also be limited to Class I, II and III.

Competitive skiing has gone so fast among the youngsters, it's almost impossible to stage a race if everyone who wants to is allowed to compete. At one last year, over two hundred juniors had filed entries.

The Buck Memorial will allow the selection of the twenty-one top racers from this area. That is the Donner Summit, Squaw Valley area quota for this year. So, if you want to compete in the junior point races, be sure you're at the Sugar Bowl Saturday for qualifications.

Bob Strickland has been amazing a lot of skiers around Soda Springs with his training routine. He has set up a four mile cross country run around Lake Van Norden that extends from the P. G. & E. dam at Soda, Clear to the Sugar Bowl end of the Meadow. For the past ten days, he has averaged four laps a day, 160 miles of practice running. The lap times have been pretty astonishing too. An improvement of 26 minutes for 15 kilometers from the first day to the tenth day—that's really whittling the clock.

His goal is to be able to average a mile every 5 1/2 minutes. One mile isn't too rough, but to maintain that pace for 10-20 or 30 miles, is a man size task. That was the time recorded in Cortina in 1956 though; so, it can be done.

There has been quite a bit of controversy over the elevation of the McKinney Creek course. Some of the Scandinavian countries have snow at almost sea level. So they are quite concerned about that 6400 foot altitude.

Even the eastern United States has a good snow condition in elevations under 2000 feet. Consequently, we believe natives of our 7000 foot Mountain Top have a slight edge from that standpoint. Bob has spent 15 years of his 18 years years up here. At the conclusion of one 28 minute lap of four miles yesterday, he hardly drew a deep breath. Yep, we think high elevation acclimation can play a big part.

Received word Monday on the outcome of the Alpine training camp at Mammoth Mountain. Top runner in the downhill was Kenny Lloyd of Mammoth and an alternate number of 1956 Olympic team. Giant slalom winner was Gary McCoy 16 year old son of Mammoth Mountain owner Dave McCoy. Slalom champ was none other than Squaw Valley's Jim Heuga. As we predicted before, keep an eye on the juniors. There are some red hots among them—and Gary and Jim are two of the hottest.

SAFE WALKING TIPS

DRINKING AND WALKING
Drinking and walking are a lethal mixture—nearly as dangerous as drinking and driving.

In fact, a 16-year study of highway fatalities in Cleveland showed that 22 per cent of the pedestrians killed in traffic accidents had blood alcohol concentrations as high as 0.20 per cent or more. As a depressant, alcohol deadens your senses and reduces your alertness, whether you are behind the wheel or going shank's mare.

Here's advice on the subject from the American Automobile Association: If you have been drinking, find some way other than walking on busy downtown streets to get home. Take a cab or have someone else drive your car. Don't walk.

From PLANNED PEDESTRIAN PROGRAM, published by The AAA Foundation for Traffic Safety

how it should be done, indicates the limit should remain at about 15 fish in waters where all the fish are wild and naturally propagated. The department has said in the past such a plan, while perhaps desirable, would be unenforceable. BA&H recommend too that the present level of catchable trout production be held, with no expansion, and that more attention be given to improving stream conditions. It says more attention also should be given to acquaint the public with warm-water fishing opportunities.

It recommends present population levels of German Brown be maintained but no additions made as it claims, the Brown trout usually results in small populations of large fish that nobody can catch.

On the trout limit, the BA&H experts accept the often-questioned theory that a reduced limit will help spread the fish to more anglers. Many fishermen have challenged this theory in the past, on Grounds some anglers couldn't catch a limit of trout, if the limit were one fish.

DONNER SUMMIT NEWS

BY DONNA POWER

CHRISTMAS

Mr. and Mrs. Art Couillard who are sporting a new station wagon spent Christmas in Sacramento with 31 members of their family at an annual Christmas reunion.

Mr. and Mrs. James Simmons visited their parents in Berkeley where Santa brought them a new Micro-bus.

Mr. and Mrs. Zorich spent Christmas day with grandparents where Debby and Tommy are visiting for a few days.

Mr. and Mrs. Gene Power and son John of Lincoln spent Christmas in Soda Springs with their daughter Donna.

HAPPY BIRTHDAY

Sherman Williamson of Soda Springs celebrated his tenth birthday with a party at his home. Sherman was presented with many gifts by his friends who were Pat Kelly, Barbara Lyddane, Kenny Keiser, Elizabeth Koester, Laurel Mason, Mike McKinsey, Carol Kunkler, Ricky Schull and Tommy Gangler. Guests enjoyed playing parlor games before they were served delicious refreshments including a lovely birthday cake.

MOVE PLANNED

Glen Parsons and his family have sold their home and property in the Rainbow area. They plan to move to Colfax where they have purchased the Courtland's Hardware store. The rotary type snow

plow belonging to Mr. Parsons has been purchased by the Soda Springs Ski Corporation and will be stored at Pratt's Garage.

VACATIONER

Nancy Williamson of Soda Springs has gone to Los Gatos where she is spending a part of her Christmas vacation visiting with friends.

SODA SPRINGS

The Soda Springs Ski Corporation operated its "T" bar ski lift for the first time last week. Two of the carriers came loose on Saturday but were quickly repaired, and no one was injured.

Jim Winters again head of the Soda Springs Ski School has announced his instructors for the season who are John Johansen, Ed and Betty Aro, Roger Bonnett, Doug Dags, and Dean Davis. Later the list will include two trainees.

SKI PATROL

The ski patrol is up in full force to aid the skiers in distress. John Bishop, and Robert Garsela are head patrolmen with excellent help from Joe Berbic, George Kaplandis, Al Weston, Phil Dicie, Marty Davis, and Doug Madison. The Snow Flake cafeteria is open for the hungry skiers.

SUGAR BOWL

The Sugar Bowl has been operating for two weeks on 18 inches of powder snow on 2 to 3 feet of base snow. Skiing conditions are excellent. Mt. Lincoln ski area is open and two small rope tows are running. Disney is not open yet.

An excellent ski school is under its head instructor Jonor Bounous,

who says Mt. Lincoln skiing is every bit as good as that in Alta, Utah, where he has previously been an instructor. A ski patrol is operating under the leadership of brothers Hank and Dick Peterson of the third year. Sugar Bowl ski Club has already a membership of 300.

SKI ACCIDENT

For Patty Kelly it seems skiing for this winter is over as Patty suffered a broken leg as the result of a fall while skiing at Soda Springs Thursday. She was taken to the Tahoe Forest hospital in Truckee where she remained until Friday when she was returned to her home. We were all sorry to see this happen to Patty as we were hoping to see her place in a race or two this year.

AUTO ACCIDENTS

Of the nation's New Years weekend fatal auto accidents this area contributed none, says the local highway patrol. From December 25th to January 2nd there were 13 reported accidents in this area. Among these accidents 13 persons were injured and no deaths occurred. While this record does leave room for improvement it is good considering the natural hazards as well as the traffic on our roadways.

WEATHER

The Soda Springs weather station reports the lowest temperatures of the season which was 20 degrees below zero on Sunday of this week.

DONNER SKI RANCH

The Donner Ski Ranch ski school this season is under the direction of Lee Yip of Lodi who comes up on

weekends. Last year Lee instructed skiing at the Dodge Ridge ski area. Other instructors will be Kenny Kane, Bob Carmen, Dave McGuire, and Jim Marine. The ski patrol is out in force and reports on accidents. A ski team is being organized, but is not yet complete. Inside the lodge we see a full operating cafeteria style dining room. The bar will be open January 12.

WOFFORDS MOTEL

Wofford's Motel opened on January 1, 1959 under its new manager John Bartucco. The garage is under the management of Ray Sorani who previously operated the garage at Rainbow.

MOVIES

The showing of motion pictures began this week at Beacon Hill Lodge, featuring a skiing picture. This will continue throughout the winter season. Free showings will be held on Wednesday and Saturday evenings about 9 p.m. in the recreation hall.

SKI CLUB

Members of the Palo Alto Ski Club were at the Lyddane house this weekend in Soda Springs. They seem to be practicing for their annual hangover race open only to club members and to be held at the Sugar Bowl.

BEER PARLOR

The Soda Springs Hotel will soon announce the opening date for the beer parlor to be opened in the basement. Serving you will be Harry Stephan. Dancing will be available to favorite selections from an automatic coin record player. The decor of the room is highlighted by two large rocks protruding from the wall. A contest will be staged for the selection of the name for the parlor.

WELCOME HOME

We are glad to see Mrs. Jim Sherritt of Soda Springs has returned to her home from the Tahoe Forest Hospital where she was taken with pneumonia.

SUGAR BOWL

The Sugar Bowl ski area reports a good crowd of skiers throughout the holidays. The Magic Carpet leading in to the bowl was out of order on Sunday, but was quickly repaired.

NO COOK

The students of the Donner Trail School will again enjoy the lunches prepared by their teacher Miss Power beginning January 5th. This is because Mrs. Ilse Bisson has found that the Snow Queen will take up most of her time so she will no longer cook at the school. As yet no one has been found to fill the position.

Agriculture is a \$40 billion market for the economy of America, according to the Agriculture Stabilizing and Conservation Committee.

LETTERS TO THE EDITOR

The Editor
Sierra Sun
Truckee, California

Sir: The Emerald Bay Bridge! Will you hear the opposition?

I am not a "scribe" from Sacramento, only an old mossback who spent fifty of her fifty-six years living in many parts of the world. We settled at Tahoe because we knew it was one of the most beautiful places in the world and because we hoped it would retain its natural charm.

Now every day I see more grocery stores, more gas stations, more buildings supply yards crowding out the view of the lake. In any European area, or places like Newport and Bar Harbor, famous for their scenery, utilities would be relegated to back streets; and a scenic drive and even—believe it or not—a foot-path, would encircle the lake or bay or ocean front.

The desire for inappropriate and unnecessary development—for a bridge at Emerald Bay—is provincial in the extreme and European visitors to the Olympic Games will laugh to see how we have spoiled our birthright in an effort to show off.

As we drove around Emerald Bay, a friend of mine from England said, "Oh these wonderful roads! So much better than most scenic roads in Europe and yet keeping the feeling of the outdoors!"

But we don't really want the outdoors, it looks pretty dangerous. Besides, it takes time to get around the earth as God made it, the mountains keep getting in our way. Maybe while we are lifting up our eyes to the hills, we might lose a dollar. Is that it?

Sincerely,
Mrs. Elizabeth C. Crenshaw

LAKE LEVEL

TAHOE CITY—Although only three inches of new snow had fallen at Tahoe City up until Monday morning, another 30 inches fell during the day and that night. Last week's temperature dropped to a low of 9 degrees and the high for the week was 41. With seven gates partly open, the level Monday stood at 6227.16, provisional and subject to revision.

There are 392 nonfatal home accidents for every 1000 Californians per year.

SEPTIC TANK CARE

The most popular method of sewage disposal for dwellings in rural areas where no community facilities exist is the septic tank system. A well designed, properly constructed and adequately maintained septic tank system can serve a home as satisfactorily as a city sewer. On the other hand a system which does not receive the care and attention it deserves, can become an expensive burden. It is well to remember, too, that the septic tank system which functions improperly can become a neighborhood health menace.

The purpose of a septic tank is to receive household wastes (soapy water from the laundry and the bath, discarded food scraps, body wastes, etc.) The solids settle at the bottom of the tank and the liquids pass into the leaching system where it is absorbed in the soil. Bacteria in the soil then removes some of the impurities from the liquid waste.

When septic tank systems are improperly designed or maintained overflow of liquid wastes to the ground surface will often occur. Not only do these overflows create offensive odor, they are also a health menace. They may contain breeding places for certain species of mosquito and other disease in-

sects. They are particularly a threat to children and pets playing on the property.

Proper maintenance procedure calls for the septic tank to be inspected at least once a year. The frequency with which it must be cleaned, however, depends upon the size of the tank, the daily flow of sewerage into it from the home, and the number of people it serves.

The septic tank can be cleaned only by persons having some knowledge of the operation. With ordinary use and care the tank may need cleaning every two years. Your local health department can probably help you in obtaining this service.

Septic tanks and leaching systems frequently are damaged by heavy trucks or equipment moving over the area under which they are located. The roots of trees and shrubbery are a common source of trouble too. They may enter the lines and clog them so completely at times that the liquid wastes are forced to the ground surface.

For further precautions which will save you needless expense and trouble, call your local health department. A leaflet entitled "Septic Tank Care" is available free from your local health department or it may be obtained for 15c from the Superintendent of Documents, Government Printing Office, Washington, D. C.

Volunteers Needed For Feb. Ski Meet

SQUAW VALLEY — California-Nevada Ski Club president, Bill Briner today issued another call for volunteer officials to serve during the 1959 North American Ski championships at Squaw Valley, February 21 through March 3.

The California-Nevada Club is responsible for recruiting and training sufficient qualified personnel to stage the 1959 events and the VIII Olympic Winter Games ski events in 1960. Briner estimates 400 skiers will be needed during February, 1959, to serve as gatekeepers, course police, timers, recorders and course packers with as many as 700 needed in 1960.

Applicants for gatekeepers, course police and course packers should be men over 18 and members of the National Ski Association or one of its divisions. Some women will be sought to serve as secretaries.

Eight-hour certification courses are now being arranged in Los Angeles, San Francisco and Reno metropolitan areas and in other communities throughout the F.W.S.

word Christian and the persons who seek to be the personification of the term. A man or woman who stands outside of the faith may be bewildered by the radical differences in the people who call themselves Christians. Pastor Taylor will discuss this subject in Sunday's sermon entitled: "Three Faces of Christians."

TRUCKEE BIBLE CHURCH

(Non-denominational)
Roy S. Rhoades, Pastor

Sunday school, 10 a.m.

Morning worship, 11.

Evening service, 7:30.

Power hour, Wednesday evening, 7:30.

In the sermon next Lord's Day Pastor Rhoades will be dealing with man's reconciliation to God. It is stated simply in Ephesians 2:14 "For He is our Peace". We invite you to worship with us at the eleven o'clock hour.

ELECTRONIC DEVICE FOR GAMES TIMING

SQUAW VALLEY—An electronic computer of printing results in English and French just seconds after an event will make scoring in the 1960 Olympic Winter Games the fastest in history.

Prentis C. Hale, Olympic Games Organizing Committee president, revealed today that International Business Machines Corporation has agreed to furnish, without charge, the computer and necessary operating personnel during the period of the February 18-28, 1960 classic.

Hale emphasized that computation of Olympic events requires "the most complex scoring procedures involved in any athletic event."

The computer will be an IBM 305 RAMAC, developed and manufactured at the company's San Jose California plant. A unique feature of RAMAC consists of a large memory file of magnetic disks. The file can hold 5,000,000 informational characters, any of which can be made available within a second. The computer derives its name from the words "random access method of accounting and control."

Hale noted that final placing in previous Winter Olympics have often been unavailable for as long as five hours after an event because of involved manual calculations.

"IBM's RAMAC will make it possible to compute most of the

Berliner Named On Organizing Group

Harold A. Berliner, a leading U. S. Olympic Committee official in California and manager of the Hockwald Chemical Co., San Francisco, has been appointed a member of the board of directors of the Organizing Committee, VIII Olympic Winter Games. The appointment was announced today by Prentis C. Hale, president of the committee.

Berliner, 59, is a native of San Francisco and was educated in the public schools here. He joined Hockwald 42 years ago and has been associated with that firm except for the period 1942 through 1945 when he was collector of internal revenue for the first California district.

As a member of the organizing committee's board, Berliner will assist in the planning and staging of the Winter Games, scheduled February 18-28, 1960, at Squaw Valley.

Berliner's associations include chairmanship of the U. S. Olympic Committee's Northern California fund drive, membership on the U. S. Olympic Track and Field Committee and U. S. delegate to the International Amateur Athletic Federation. He is also a member of the Press and Union League Club, the Temple Shrine and is former president of the Pacific Association of the A. A. U.

District Attorney Harold Berliner of Nevada County is a son of the appointee.

A. Two on-the-snow clinics will be conducted by Willy Schaeffler, director of ski events, Olympic Winter Games, at Squaw Valley, the first January 18 and the second February 8. Volunteers at either of these two clinics will be eligible as officials in the North American Ski Championships during which their abilities will be carefully evaluated for the 1960 Games.

Briner said volunteers working in the 1959 North American Ski championships and 1960 Winter Games would be provided free admission, meals and lift privileges. Those interested are asked to send their name, address and telephone number to Robert Seach, Personnel Director, Olympic Organizing Committee, 70 West Taylor St., Reno, Nevada.

Ample Snow For Excellent Skiing

SUGAR BOWL—There was rejoicing on Donner Summit this week as the long anticipated snow storm arrived to provide ample covering to for the winter sports enthusiasts.

Manager Watter Haug reports that during the New Years week-end, the popular resort was filled beyond all expectations. While the

results within two minutes after a finish and make the results immediately available," Hale continued.

snow was lacking in quantity it was good for skiing and the new ski school conducted by Junior Bounous proved an outstanding attraction.

The new Sugar Bowl 5-day-learn-to-ski-week starts Sunday with dinner and ends Friday with breakfast. This is an all-inclusive package plan for \$66.25 for the full five days. Many bookings have been received and the idea promises to be well received.

On January 11, the annual Dick Buek Memorial giant slalom will be held for juniors in classes I, II, and III. Then on January 30, 31 and February 1, the new class "C" jump will come into action when the Northern California Intercollegiate Invitational 4-way meet will take place here.

NORTH TAHOE

By JUDGE HARRY CHARRISON

WEATHER

Up until today, Monday, we have had beautiful weather, many boats out on the lake and the boys have been playing football on the golf course, which was most unusual for this time of the year. Today we are having a miniature blizzard with about four or five inches of snow to the delight of the clubs and ski resorts. At last we hear the old familiar sound of chains along the highway.

APPRECIATION

My wife and I would like to

thank our many friends for the felicitations and generousities showered upon us on our 50th wedding anniversary on December 31. It was an occasion that will be long remembered and we extend our heartfelt thanks and appreciations for all of your good wishes.

NEW YEARS EVE

Crystal Bay Club held a New Year's party that was a huge success with over a thousand attending. Nevada Club was crowded and everyone having a wonderful time between the two clubs. Seemed as though everyone turned out to celebrate and was lots of fun greeting our local citizens.

WONDERFUL PARTY

A delightful cocktail party and

buffet was given last Saturday night by Harry Hooper for many of our local citizens at the Crystal Bay Club. Harry introduced a guest of his, Mrs. Harrison, from Yuba City where a hospital is being built as a memorial to her husband. Those attending had a wonderful time and wish to thank Ceta and Harry.

BACK HOME

Alice and Andy Sorensen arrived home December 31st from a flying trip to Princeton, New Jersey, to visit their daughter, Loma, and son-in-law, John Moore, for Christmas holidays. They found the 15 degree weather lots colder than Tahoe. They also took lots of trips—one to Washington D. C. for two days and spent one day in New York. Saw a lot of beautiful country with rivers and ponds all white ice and everybody ice skating. Loma has a good position with the Educational Testing Service and John is attending Princeton University. Needless to say they miss their homes and Tahoe. Alice's sister and her husband, Mr. and Mrs. Mark Pluth, of Napa, visited with them for a couple of days since their arrival home.

VISITORS

Joan Cooley from Los Altos has been visiting with the Edgerton Cooleys' at Incline.

ARIZONA

Joy Plunkett and children have been down in Yuma, Arizona for a couple of weeks but are homesick for the lake and will return home any day.

FROM NAVY

Kenny Lavery was home on a short leave from Long Beach where he is still aboard the Cruiser St. Paul. Ruth's mother spent the holidays up here from Sacramento.

TO NEBRASKA

Ruth Mizner flew back to Nebraska to spend some time with her mother who is quite ill in the hospital.

OLD FRIEND

Saw Pearl Koltz Zigg the other day, she was up from Reno and really looks like a million. Sure was nice to see her again. I miss her at Pine Pantry.

HOME AGAIN

Nell and Don Barkhurst spent a couple of weeks in Portland over the holidays with friends who are frequent visitors at the lake.

LONG TRIP

Wilma and Byron Abbott are back home after spending the holidays with Diana and Lem enjoying too their grandbaby—it was a long old trip to Sumner, Washington according to Byron, but really worthwhile and had a wonderful time.

Currently At Nevada Lodge

Art and Lana Brunner, billed as the solid swinging duo are currently pleasing patrons of the new Nevada Lodge at Crystal Bay. They have been featured in top movie, television and night club roles.

NEW SHOW OPENS AT NORTH TAHOE LODGE

Opening this week at the glamorous Nevada Lodge, the beautiful year-round fun spot on the scenic North Shore of Lake Tahoe is the Art and Lana Brunner Duo, movie television and night club entertainment stars.

Art and Lana are two of the most talented entertainers ever to appear in this area. Art Brunner is an outstanding instrumentalist on the accordion who also sings and doubles on the trumpet. Beauteous Lana Brunner is a talented and vivacious musician and singer. This talented duo has amassed a solid, crowd-pleasing reputation at many of the larger supper clubs across the nation.

The duo has appeared in many movies and on TV. Their stints include "Gentleman Prefer Blonds" and "Call Me Madam". Lana, a former Goldwyn Girl, has appeared in many of the Bob Cummings TV series and Edgar Bergen Shows. They have played the Shamrock Hilton in Houston, Texas and many other supper clubs throughout the west.

Visitors to the fabulous Nevada Lodge at Crystal Bay will see this excellent group now through January 20.

REAR LIGHTS

In last year's National Vehicle Safety-Check Program defective rear lights were the most common fault, reports the California State Automobile Association.

antlerless deer is a sound approach. He recommended the system, now in effect in several western states, including Nevada, under which the antlerless deer tag quota for a year is made equal to the buck kill of the previous season.

"This is based on the fact that bucks are hunted regularly every year so that the number killed is approximately equal to the number added each year by reproduction," Lauckhart said. "Since half of the reproduction is females, we can assume that the buck kill is also equal to the number of females added yearly. Thus the buck kill is a reliable guide for doe harvest."

Lauckhart's report termed the 1956 either-sex hunt staged by the Department and Commission "an error in administrative judgement, for although it did no real harm to any deer herd, it did cause some undesirable hunter concentrations, and it heaped criticism on a program that had received only qualified acceptance by the public."

Lauckhart said the Busch bill for deer management provided an orderly procedure for deer management but recommended full regulatory powers be restored to the commission when public confidence was restored in it. The commission and the Department opposed the bill in 1957 because of a section which gives county supervisors veto power over special hunts in their area.

ELECTRIC PLOWS IN SIERRA WILL KEEP S. P. TRACKS CLEAR

ROSEVILLE—When the first heavy snow storm of the year hits the Sierra Nevada, the Southern Pacific Company will have four electric snowplows ready for action.

Master Mechanic L. E. Lonergan said the first electric rotary snowplow placed in service last year proved so successful four other were converted from steam to electric operation this year in the SP's Sacramento shops.

Four are stationed in Roseville for service between here and Sparks, Nev., and another is in Klamath Falls, Ore. One steam rotary is stationed in Roseville and one in Sparks on standby for emergency service.

An electric snowplow can handle 50 per cent more snow than a steam plow and operate for 30 hours without stopping for supplies. The steam plows had a time limit of eight hours. Roller bearing journals instead of the older type friction bearings will make it possible to move the equipment to the point where it is needed in a much shorter time.

REDUCES CREWS

In the electric rotaries the snowplow operator, road foreman, engineer and fireman all ride in the front cab and operate the plow and the diesel pusher units from the same control panel.

The steam rotaries require a crew of six. The operator and road foreman rode in the front cab of the plow and an engineer and fireman in the rear cab operated the steam boiler which powered the fan wheel. Another engineer and fireman were needed to operate the diesel locomotive which pushed the plow.

4 MOTORS REPLACE BOILER

In converting a steam snowplow to electric, the boiler is replaced by four traction motors from a B type diesel unit. The tender which carried water and fuel for the boiler is replaced by the diesel unit from which the traction motors have been removed. Its 16 cylinders 1,500 horse power diesel motor and generator furnish electric current for the motors which operate the snowplow fan.

Motive power for the plow is furnished by two B units and an A unit, each of which develops 1,500 horsepower.

Lonergan said the plows make 15 to 20 miles an hour in dry snow and eight to 12 miles per hour in wet and heavy. They can throw the snow as far as 100 feet on either side of the tracks.

Each plow has a radio telephone for communications with dispatchers, passing trains and wayside stations.

FLANGERS ALSO USED

Snow is removed from between

In 1946 the retail value of all televisions sets manufactured was \$5 million; in 1957, \$1,270,000,000.

the rails by flanger cars which are pushed separate from the plows and travel at 30 miles per hour.

Other preparations for the winter include stationing extra section crews to tend crossings and switch points and extra operating personnel at Emigrant Gap and Colfax, Placer County, and Norden, Nevada County, to help regulate the movement of snow equipment between scheduled trains.

The date on which the snowplows go into operation varies from year to year but all snow equipment is ready for action by December 1st.

NOTICE OF SALE OF REAL PROPERTY UNDER DEED OF TRUST

NOTICE IS HEREBY GIVEN by Placer County Title Company, a corporation, trustee under that certain deed of trust bearing date of April 12, 1956, and found recorded in the office of the County Recorder of the County of Nevada, State of California, in volume 219 of Official Records, at page 519 et seq., and made and executed by Edwin S. Crandall and Ida Crandall, his wife, O. J. Crandall and Dorothy H. Crandall, his wife, and Simon H. Crandall and Charles E. Cowen, as Trustees, to Placer County Title Company, a corporation, as Trustee and Placer County Bank, a corporation, as Beneficiary;

That by reason of merger effective July 15, 1957, the Bank of California, N. A., Auburn Office, succeeded to the ownership of the assets of the Placer County Bank,

and is the successor of said Placer County Bank;

That said trustee will, on the 16th day of January, 1959, at the hour of two o'clock P. M. of said day, at the main entrance to the County Court House, in Nevada City, County of Nevada, State of California, sell at public auction as provided in said deed of trust, and as provided by law, the real property described in said deed of trust, which said real property is more particularly described as follows:

PARCEL NO. 1: A portion of Section Fifteen (15) Township Seventeen (17) North, Range Sixteen (16) East, M. D. B. & M., described as follows: Commencing at the Northeast corner of the said Section 15, thence along the East line thereof South 0° 09' West 1480 feet; thence West 358.1 feet to the point of beginning; thence from said point of beginning, South 0° 09' West 512.2 feet; thence South 37° 16' 10" West 907 feet; thence South 74° 03' 40" West 697 feet; thence North 24° 07' 35" East 1344.37 feet; thence North 73° 31' 50" East 700 feet to the point of beginning, containing 19.88 acres, more or less.

PARCEL NO. 2: A portion of Section Fifteen (15), Township Seventeen (17) North, Range Sixteen (16) East, M. D. B. & M., described as follows: Commencing at the Northeast corner of the said Section 15, thence South 0° 31' West 2484.1 feet to the point of beginning, thence from said point of beginning, South 75° 30' 50" West 919.38 feet to the Southeastly

corner of the lands now or formerly owned by the Truckee Improvement Company, as the said corner is marked on the ground; thence South 74° 03' 40" West 697 feet along the Southerly line of the said lands to the Southwesterly corner of the said lands, as the said corner is marked on the ground; thence North 24° 07' 35" East 328 feet along the Westerly line of the said lands; thence leaving the said said line South 71° 27' West 627 feet; thence South 11° 57' West 1320 feet; thence North 71° 27' East 1124 feet; thence North 82° 37' 30" East 997 feet; thence North 12° 00' 10" East 1152.55 feet to the point of beginning, containing 49.61 acres more or less.

That said sale will be made for cash, legal tender of the United

States, to the highest bidder, the full amount of the purchase price to be paid at the time of the sale. NOTICE IS FURTHER GIVEN that default was made under said deed of trust; that notice of said default and of election to cause the property to be sold was filed in the Office of the County Recorder of the County of Nevada, State of California, on the 4th day of September, 1958, and is of record therein in Volume 250 of Official Records, at Page 4, and that more than 3 months have elapsed since the filing of said default notice and that the defaults under said deed of trust still continue.

Dated: December 17, 1958.

CAROLYN McCaULEY WEDS NOLAN LITTLE AT TAHOE SERVICE

KINGS BEACH—At a ceremony in Our Lady of the Lake Catholic Church on December 21, Miss Carolyn McCauley became the bride of Nolan B. Little. Father Paul Roswog officiated at the 2 p.m. service attended by many relatives and close friends of the couple.

The bride is a daughter of Mr. and Mrs. D. W. McCauley, former residents of Kings Beach now residing in Los Angeles. Little is a son of Mr. and Mrs. Jerry Little of Kings Beach and attended the local schools.

Maids of honor were Miss Karen Little, sister of the groom, Miss Bobbie McCauley, sister of the bride and Miss Lydia Craig of Floriston. Weldon Stark was the best man and ushers were Roy Armstrong and Fred Wofford.

The bride chose the traditional white lace over bridal satin, halter-length and a finger-tip veil as her costume and the bride's maids wore pastel lace over satin. Following the impressive rites, a reception was held at Carpenters Hall.

Among those attending the affair were the parents of both Little and his bride, the latter's grandmother, Mrs. Cora Mead, Mr. and Mrs. Ken Hopper, Mr. and Mrs. Ken Hopper, Jr., and the Misses Valerie and Ann Hopper of Yuba City.

The entire community will join in wishing the newlyweds every happiness.

ANOTHER CANDIDATE SEEKS STATE POST

Marvin E. Haddy, a registered Democrat and Nevada City service station owner is the latest candidate to announce his intention of seeking the 7th District senate seat left vacant by Congressman Harold T. Johnson.

The Nevada County aspirant will try to obtain the endorsement of the central committees of Placer, Nevada and Sierra counties when they meet in Grass Valley on January 10th.

Haddy was born in Grass Valley in 1923 and schooled in Nevada City. He was employed by the U. S. Forest Service in Downieville following high school and has been associated with the Shell Oil Co. as station manager, beginning in 1942, later as wholesale driver in the Sierra County area and leased the station he still operates in 1947.

Haddy served as city councilman in Nevada City for six years and is a member of the Elks Lodge, the Lions Club and the Nevada City Volunteer Fire Department. He is a director in the Nevada County T.B. and Health Association and president of the Nevada County Softball Association.

Home For Holidays—The Misses Judith and Linda Loynd returned to San Francisco and Berkeley after spending the holidays here.

SKIERS TRY OUT NEW OLYMPIC JUMP HILL

Veterans and youngsters tried out the new Olympic jumping hill at Squaw Valley Sunday and all reported the takeoff and hill excellent despite a shortage of snow which since has provided a perfect condition.

One of the skiers was the veteran Wayne Poulsen, 43, who made a near perfect jump. Other skiers who made the jump were John Cress, an Olympic team hopeful from Colorado; Rolf Funk of Squaw Valley, also a candidate for the American team; Howard Pyle of Tahoe City, Cliff Montgomery of Reno and Charles Fink of Truckee. All agreed that the ski jump in 1960 could be most spectacular.

S. P. TRAIN ARRIVES 10 MINUTES EARLIER

The "City of San Francisco," Southern Pacific streamliner operating between San Francisco and Chicago, will be arriving here a few minutes earlier starting January 11, the railroad announced today.

Earlier departures from Chicago will bring the crack train into Truckee, at 2:56 a.m., rather than at 3:41 a.m. under the present schedule.

East bound schedules will remain unchanged.

WORK ON HIGHWAY AT SUMMIT STOPS

The division of highways announced that work on the conversion of a portion of Highway U. S. 40 from Hampshire Rocks to Soda Springs to a full freeway has been suspended for the winter. Work on the project started in April.

Highway officials said that work on the \$5,400,000 project is now 61 percent completed and that no difficulty is expected in having this section ready for use in time for the Olympic Games. The project will add an additional six miles of full freeway to the growing total of such mileage on Highway U. S. 40 when it is completed. Clyde L. Woods, Inc., Kirt Construction Company, and Alwood Corporation of North Hollywood are the joint venture contractors on this project.

ALL ALIENS ASKED TO GIVE ADDRESSES

All aliens residing in this area must report to their post office during January to report their address under the federal alien report program.

Bruce G. Barber, district of immigration and naturalization service, said all non-citizens, except those in diplomatic status, foreign representatives of certain international organizations and those admitted temporarily as agricultural laborers, are required to file the address report.

In addition, aliens who are not in the United States during January must report their address to the service within ten days after their return.

BATTLE PRACTICE—When soldiers of the 24th Infantry Division in Europe "attack" an enemy position during one of their frequent field exercises, they move out with all their weapons ready to fire, from rifles to rocket launchers, to insure gaining their objective.

Favor Lake Level

Continued from Page 1

to be taxed for any costs to correct the adverse situation.

OBJECTS OF SURVEY

The survey was conducted late last summer under contract with the compact commissions of both California and Nevada. The objectives were two-fold:

1. To determine what change, if any, in permissible maximum and minimum lake levels are desired by the majority of the land owners in the Lake Tahoe area, particularly those owning property adjacent to the shores of the lake who would be directly affected.

2. To determine if a change in lake levels is desired, how much would these landowners be willing to pay to bring about this change.

Interviews were made with 845 property owners—708 in California and 137 in Nevada.

Some 40 per cent of the 248 California shoreline landowners who were interviewed reported adverse effects from high water conditions, mostly in recent years. All of the Nevada landowners interviewed owned shoreline property, and 38 per cent stated they had been adversely affected by high water.

Reduction in beach area was given as the principal unfavorable effect of the high water. Pier and building damage, and septic tank flooding also were cited.

LOW WATER PROBLEMS

The report also stated that "adverse effects from high water are reported as occurring most commonly in recent years. However, low water problems, when they have been noticed, are most often said to have occurred in earlier years, although a number of California and Nevada shoreline owners also report some adverse effects from low water during the past 10 years."

The survey listed four proposed courses of action for the property owner's consideration:

1. Maintain present lake level conditions.
2. Lower maximum level one foot and provide replacement storage elsewhere.
3. Lower maximum and minimum levels one foot by cutting rim of Lake Tahoe one foot lower at the Truckee outlet.
4. Maintain present maximum level and lower the minimum level one foot by cutting rim of lake.

FAVOR STATUS QUO

More than half of all the property owners favored maintaining the present lake conditions; that is, allowing the lake level to fluctuate between its present legal elevations of 6,228 and 6,229.1 feet above sea level. These operating limits were established by federal court decree.

However, the survey showed that among landowners who have experienced high water problems (primarily shoreline owners), sentiment is strong to do something, and the greatest number favored the plan to lower the maximum level one foot and provide replacement storage elsewhere.

The survey produced a number of interesting statistics, as following.

Forty-eight per cent of the California shoreline owners and 51 per cent of the Nevada shoreline owners have owned their property 15 years or more.

Seventy-five per cent of the California shoreline owners and 65 percent of the Nevada shoreline owners have residence at the lake but permanent residence elsewhere.

Forty per cent of the California owners and 31 per cent of the Nevada owners spend 90 days or more at the lake in the summer.

A majority of all Lake Tahoe property owners use the lake frequently for one or more sports or recreational purposes, with swimming and sunbathing rating the highest.

A law prescribes stiff penalties for littering our highways and roadsides, so play it safe, keep a trash bag in your car and use it.

and the former has resumed his dental practice after spending two weeks with Dr. Affeldt's parents, Mr. and Mrs. John Affeldt and other relatives and friends in Michigan.

BANK DEPOSITS SHOW NEW ALL-TIME HIGH

A steady growth in deposits, coupled with a strong earnings report for the year, featured Bank of America's statement of conditions of December 31, 1958.

The total deposits reached a new high of \$10,307,560,992, a gain of \$783,444,270 during 1958.

Net operating earnings for the year, after provisions for applicable taxes, were \$77,018,825 or \$3.01 per share on the 25,600,000 shares outstanding. This compares with \$71,974,951 or \$2.81 per share for the previous year.

"We have had a good year—one of our best—made possible because of the many types of loans offered to borrowers and by giving the kinds of services our depositors use," commented President S. Clark Beise.

"Surplus was increased \$50,000,000 by a transfer from undivided profits which brings total capital and surplus to \$500,000,000. This means Bank of America can now make loans up to \$50,000,000 and give greater credit service to business and industry," Beise said.

Total resources of the bank stood at \$11,290,852,751, an increase of \$651,703,160 during the past 12 months.

RUBIN IS NOT ASKING GROUP ENDORSEMENT

Harold Rubin, Sierra College instructor and candidate for the 7th senatorial district seat, said today he will not seek his party's endorsement in Grass Valley on Saturday. However, he will remain in the race a democratic candidate.

In explaining his decision, Rubin said the issues involved were more important than official endorsement and the advantages it offers.

The Sierra College political science instructor gave this background for his decision. Both parties have resorted to the endorsing convention method whereby a limited number of delegates assemble to choose former State Senator Harold Johnson's potential successor.

"What has developed," Rubin said, "is that less than 1 per cent of the 25,000 registered democrats and republicans in the tri-county district select the two men who will appear on the ballot with party support."

Tarzan

by EDGAR RICE BURROUGHS

TARZAN EXPLORES THE PINK PALACE... OF TARZANLAND.

FEW MEN HAVE HAD SUCH AN OPPORTUNITY AS FATE GIVES TARZAN AND ITO-- TO FIND AND EXPLORE A LOST WORLD PINK PALACE, ON A DEAD VOLCANO'S CRATER LAKE ISLAND...

TARZAN AND ITO, CLEARING THE PINK PALACE OF BAMBOO, MOSS AND VINES, EXPLORE ITS INTERIOR.

FROM UP HERE, TARZAN, WE CAN KEEP WATCH ON ALL OUR LAND!... HOW LONG AGO DID PEOPLE LIVE HERE?

A LONG, LONG TIME AGO, ITO. MAYBE A THOUSAND, MAYBE FIVE THOUSAND YEARS AGO!

IN CIVILIZATION'S HISTORY NO ANIMALS LIKE THESE HAVE BEEN RECORDED BY SCIENTISTS... NOT EVEN THEIR BONES!

BUT THE GIANT LIZARDS THAT NEARLY KEPT US FROM REACHING HERE-- THEY WERE ALIVE!

ONLY SUPERIOR STONE MASONS COULD INLAY BIG STONES SO PERFECTLY TOGETHER! IF THIS HAD BEEN A BRICK PALACE, SET IN OUR KIND OF CEMENT, IT WOULD LONG AGO HAVE CRUMBLLED AND DISAPPEARED!

BILL ELLIOTT JOHN CELARZO

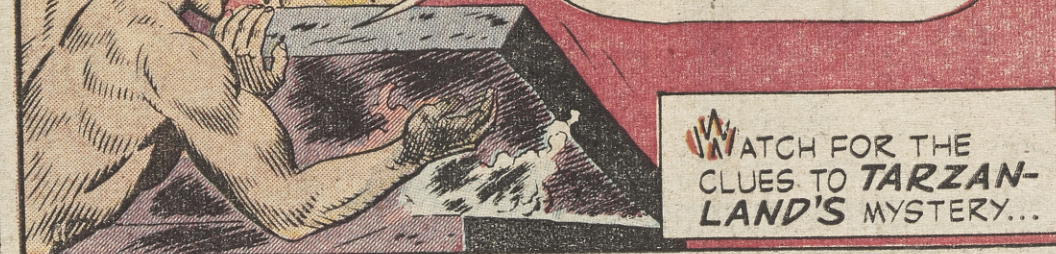

AN ANCIENT SCULPTOR LEFT US TWO CLUES, ITO: THIS KING WAS A GOOD MAN-- NO TYRANT! AND, THESE PEOPLE-- WHOEVER THEY WERE-- HAD GREAT ARTISTS. THIS SCULPTOR'S WORK IS MUSEUM TREASURE!

I THINK IT'S ONLY DUST, TARZAN!

1-11 455

JUST NOW, ITO... BUT IF WE HAD A CHEMICAL LABORATORY TO TAKE IT TO, THEY'D BE ABLE TO TELL US WHAT IT WAS, BEFORE IT BECAME DUST! WE MUST LOOK FOR CLUES WE CAN FIT TOGETHER-- WITHOUT THE HELP OF SCIENTISTS!

WATCH FOR THE CLUES TO TARZANLAND'S MYSTERY...

ARMED ONLY WITH TOMATOES, WAMPUM, AND DIRT, A GANG OF WOULD-BE CONQUERORS HEADS FOR AN EASY VICTORY OVER THE UNITED STATES---

THE (CHUCKLE) SIMPLE, UNSOPHISTICATED AMERICANS WILL UNDOUBTEDLY PROSTRATE THEMSELVES AT OUR FEET WHEN WE BEWILDER THEM WITH GIFTS THEY CRAVE IN THEIR INNOCENT, CHILDHOOD FASHION---

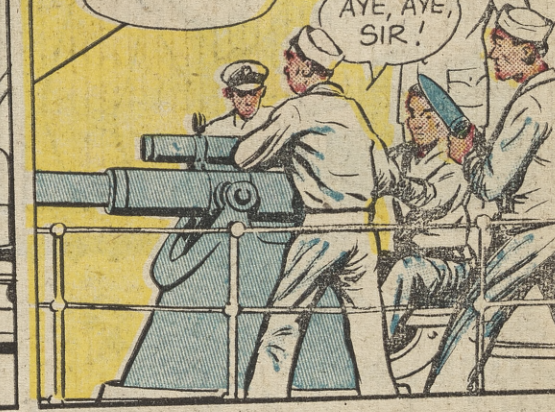

IT'S (GASP) UNBELIEVABLE, SIR. THEY WANT US TO SURRENDER AND THEY PROMISE US EACH A-A BASKET OF RIPE, JUICY TOMATOES!

TOMATOES! SURRENDER!! IF THIS ISN'T SOME GHASTLY JOKE--

--IT'S A DIRECT THREAT TO OUR COUNTRY! PREPARE TO FIRE!!

AYE, AYE, SIR!

THEY'RE PROBABLY STILL STUNNED AT OUR GENEROUS GIFT OF TOMATOES-- NOW WE'LL BEDAZZLE THEIR INFANTILE MINDS WITH STILL ANOTHER GOODY---

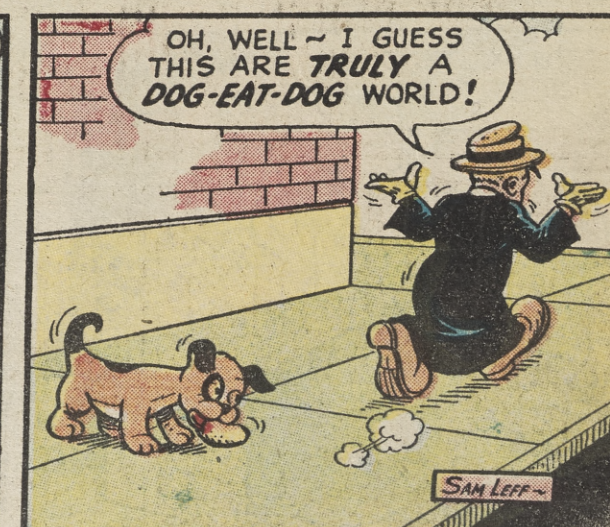

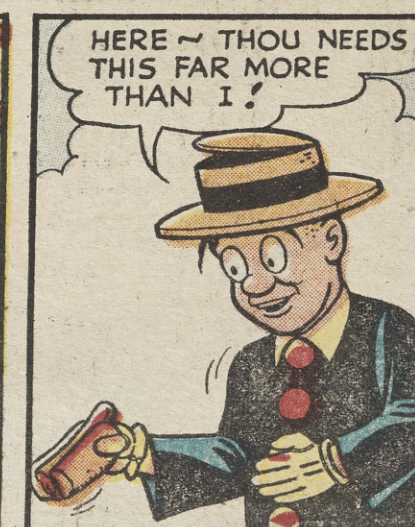

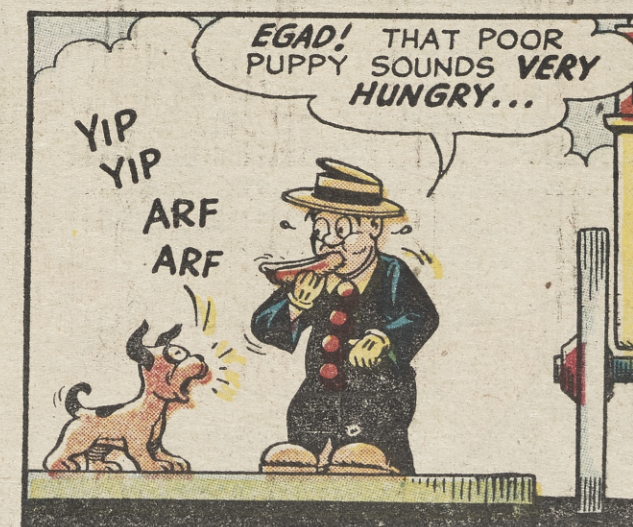

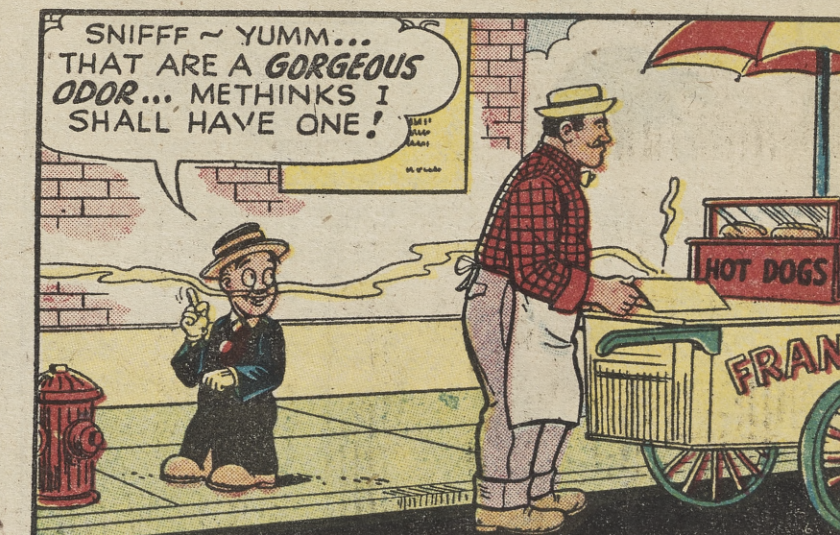

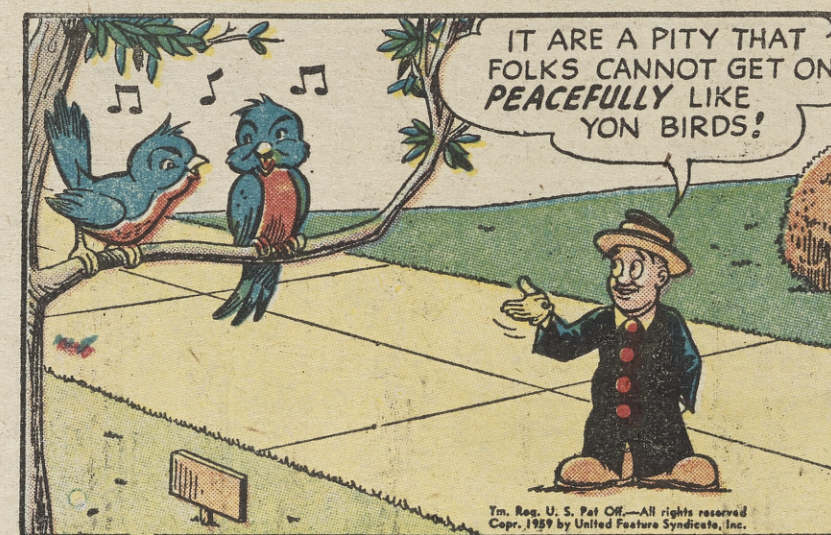

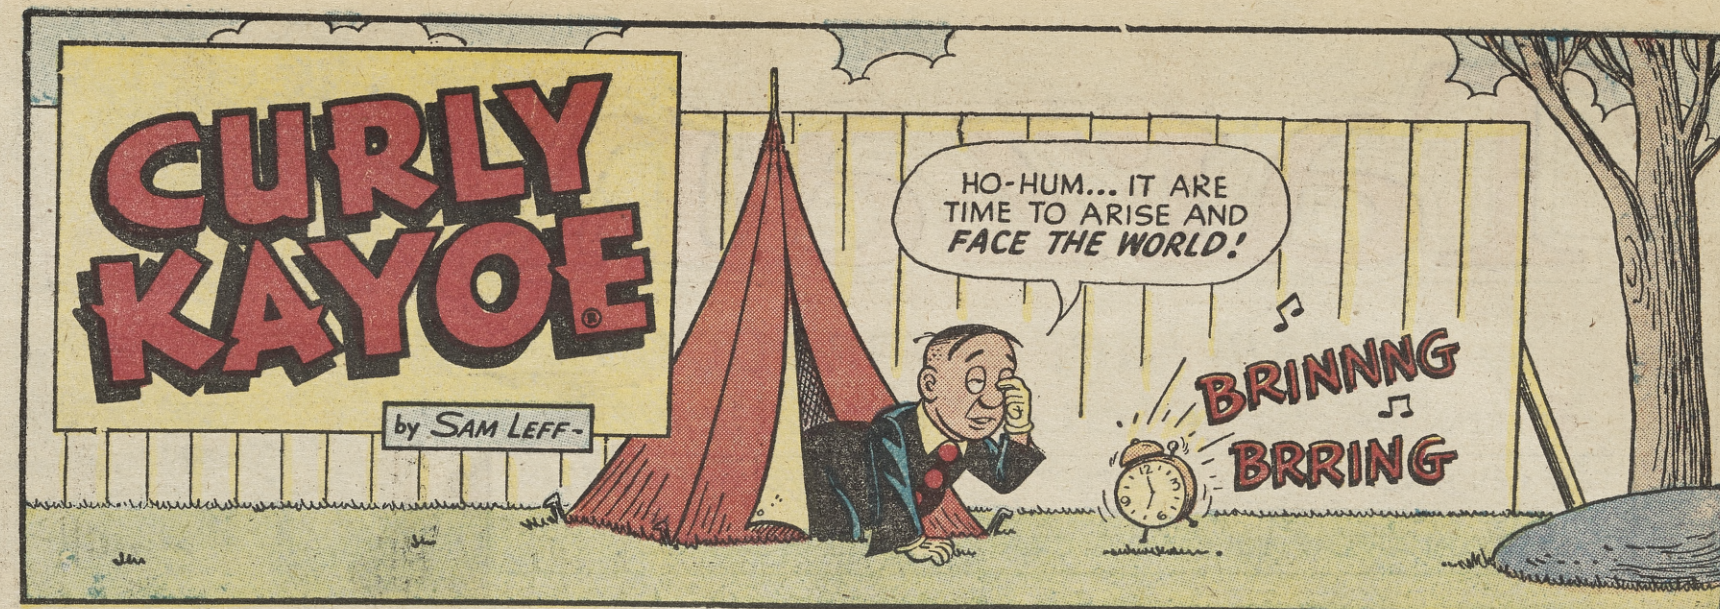

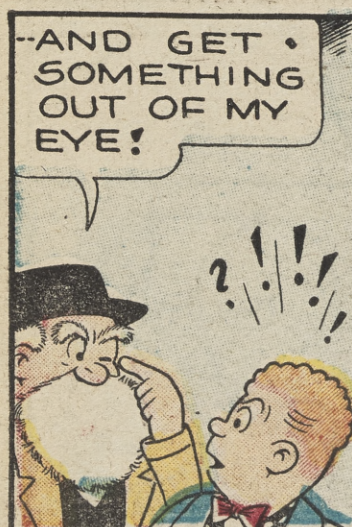

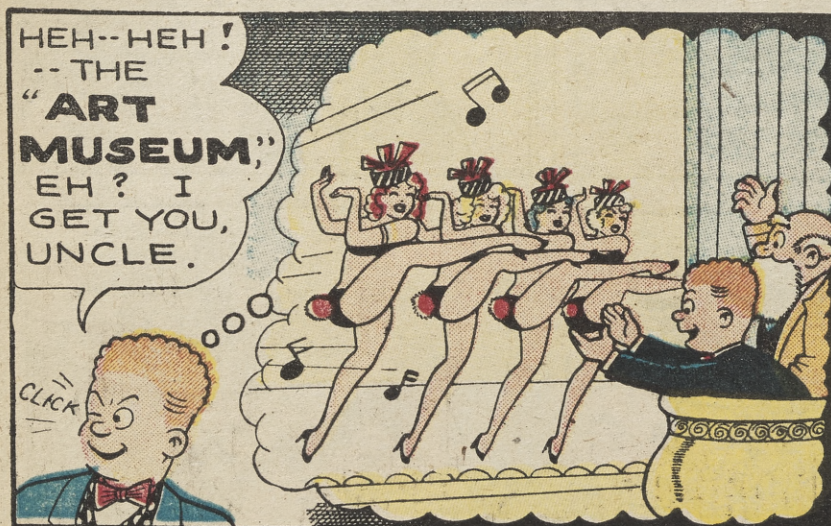

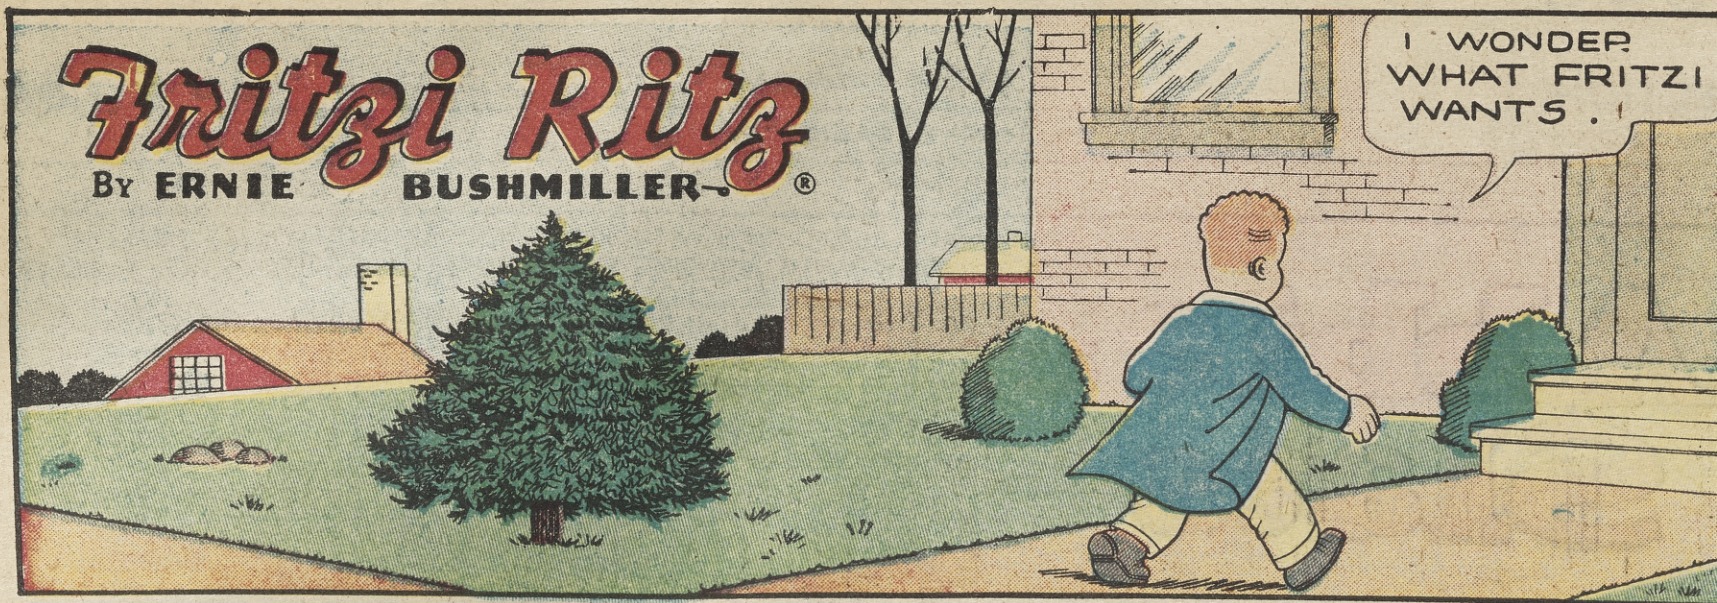

N-NOW (SHUDDER) THEY'RE OFFERING US-- S' HELP ME, SIR-- SOME BEADED BELTS! AND-- NOW (GROAN) I'M POSITIVE I'M CRACKIN' UP---

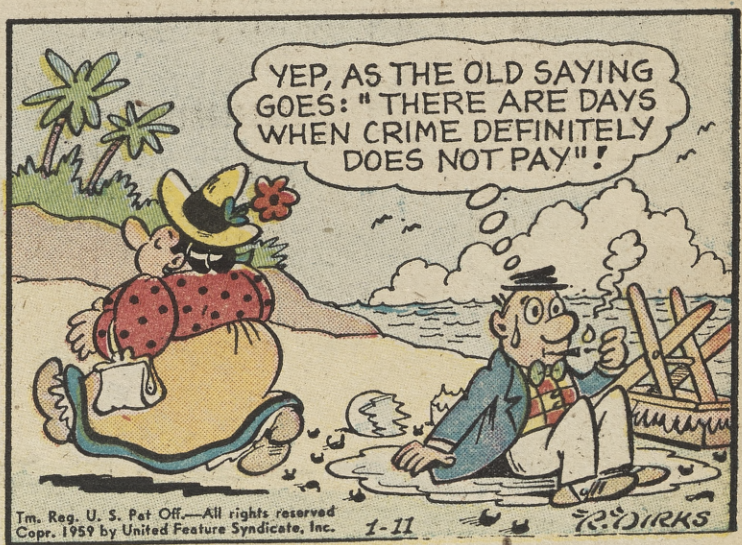

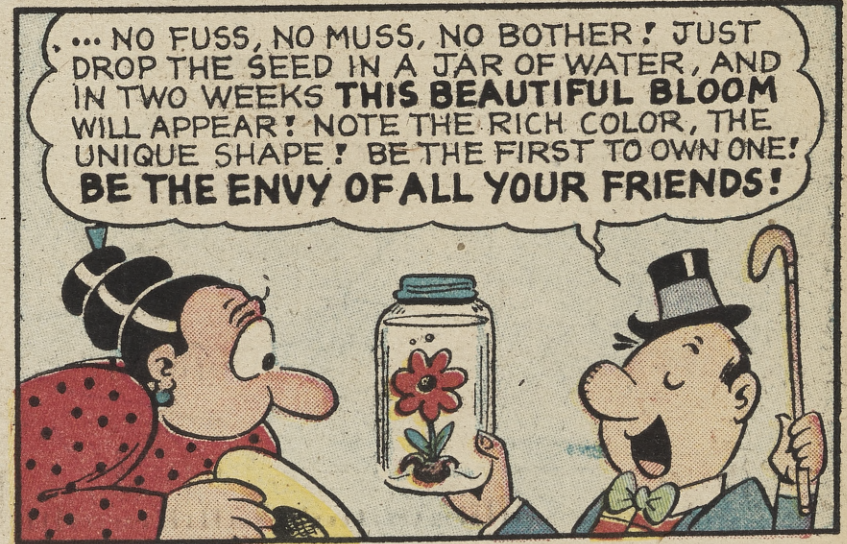

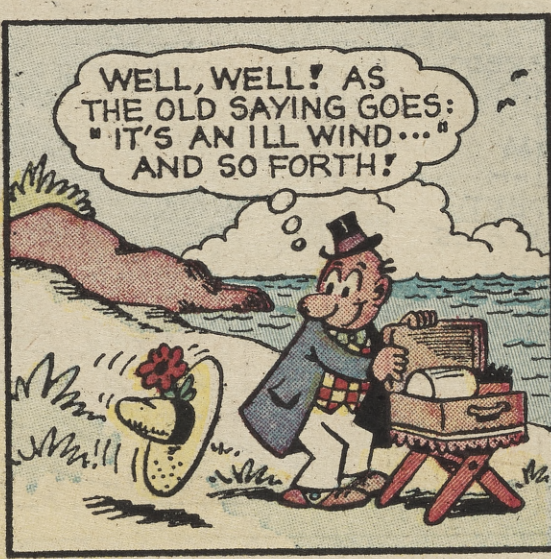

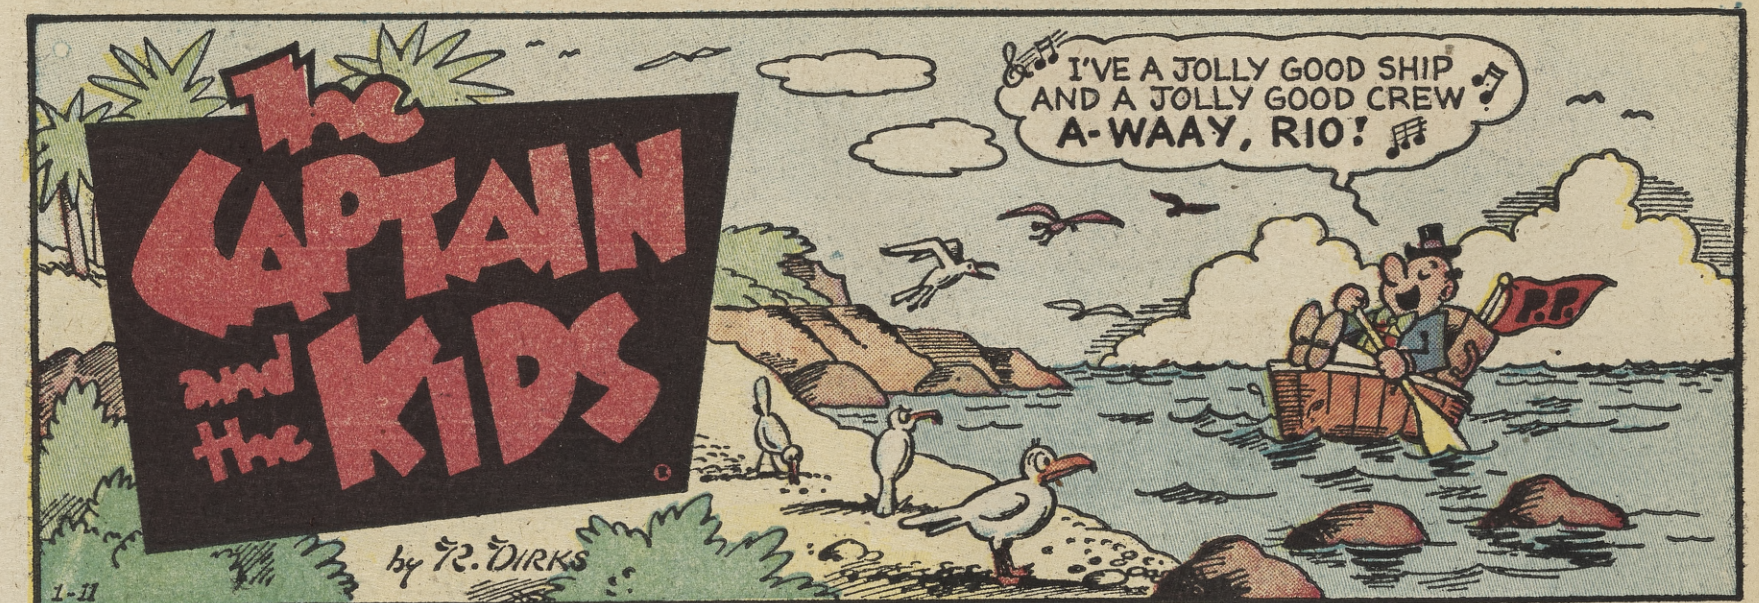

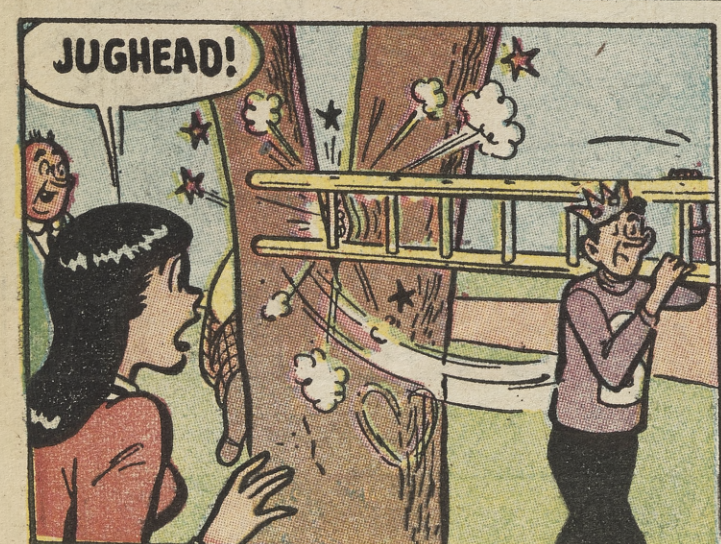

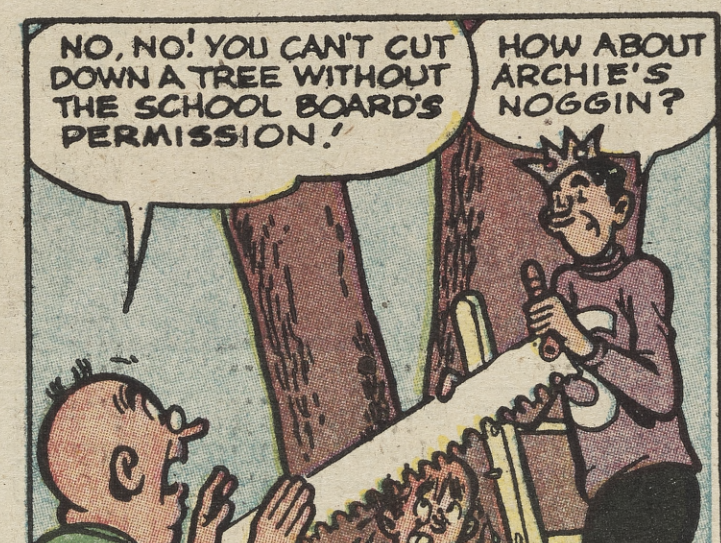

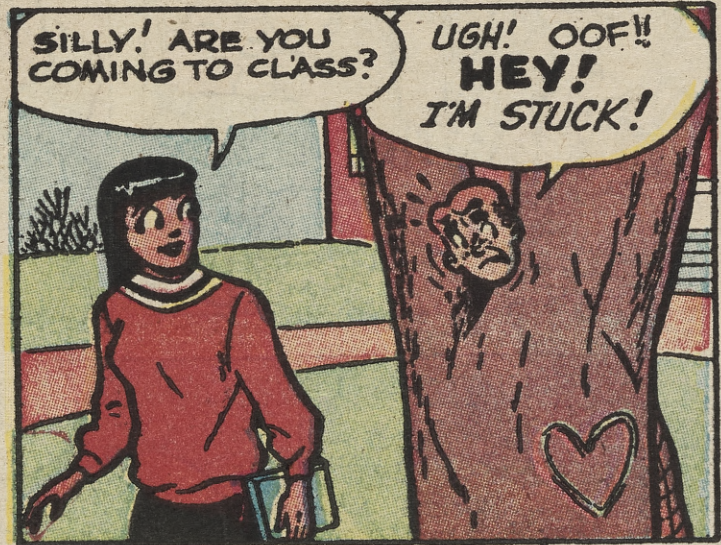

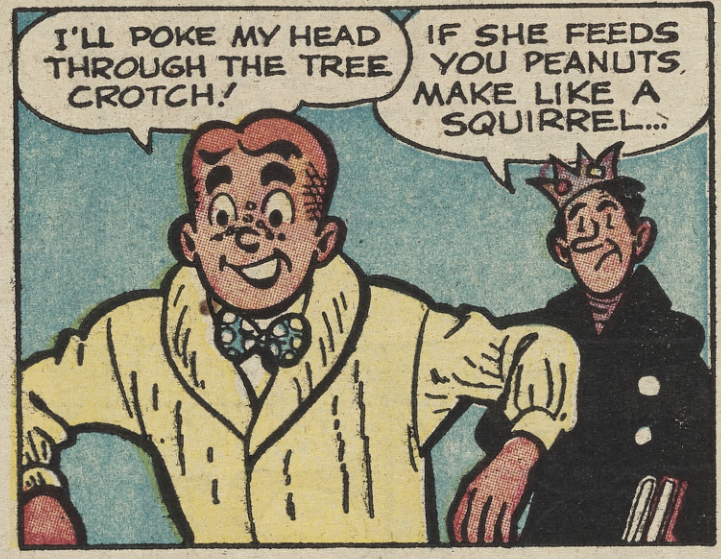

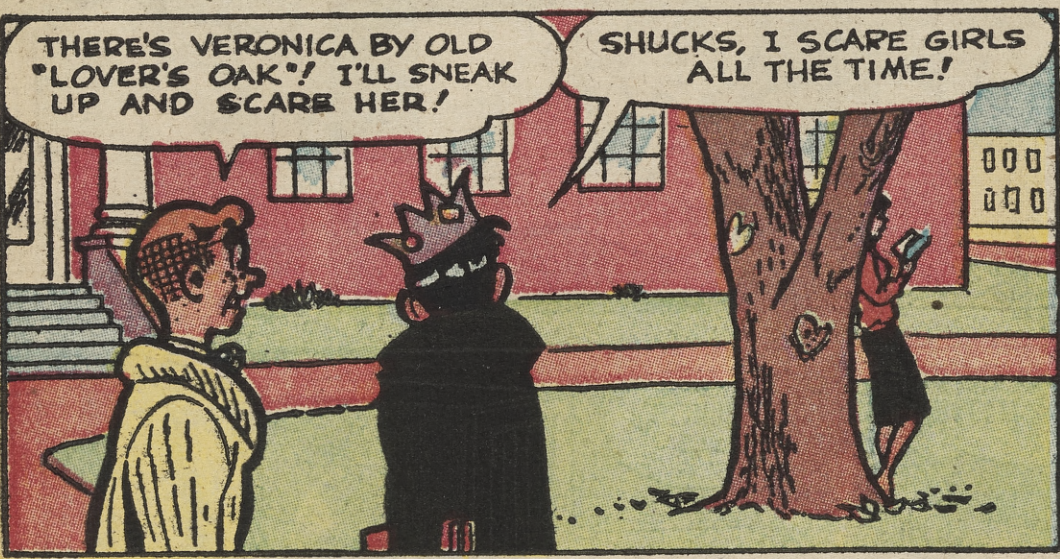

---THEY'RE PROMISING EACH ONE OF US SOME OF THE DIRTIEST DIRT IN THE WORLD-- GOOD FOR RUBBING-IN PURPOSES!!

Archie

by BOB MONTANA

STRANGE as it seems

ELSIE HIX

JEFFERSON DAVIS--
LATER PRESIDENT OF THE
CONFEDERATE STATES,
ADMINISTERED
THE MILITARY
OATH TO
ABRAHAM LINCOLN--
LATER PRESIDENT
OF THE UNITED STATES,
WHEN LINCOLN
ENLISTED IN THE
BLACK HAWK WAR!
-1832-

JERUSALEM--"CITY OF PEACE"--
HAS BEEN FOUGHT OVER,
PLUNDERED, DESTROYED
AND REBUILT PROBABLY
MORE THAN ANY
CITY ON EARTH...

THE VAMPHORN, A KIND
OF MEGAPHONE, FORMERLY USED
IN ENGLISH CHURCHES TO MAKE
ANNOUNCEMENTS, SO PEOPLE
WHO HAD FALLEN ASLEEP
WOULD BE SURE
TO HEAR THEM!

THE SITE WAS CHOSEN
BY KING DAVID
BECAUSE HE THOUGHT
IT WAS SO HIGH
IT WOULD BE DIFFICULT
TO ATTACK!

A KETTLEFUL
OF LIQUID AIR WILL
BOIL IF PLACED ON
A BLOCK OF ICE!
THE BOILING POINT
OF LIQUID AIR IS
310 DEGREES
BELOW ZERO!

MATCHES
THAT COULD BE
USED 40 TIMES
WERE SOLD IN
HOLLAND ...
-1932-

PLAYGROUND OF THE MANAKINS --
DURING THE MATING SEASON THE MALES
TAKE TURNS DISPLAYING THEIR PLUMAGE,
SOMETIMES FOR HOURS,
WHILE WAITING FOR
THE FEMALES TO
ARRIVE AND CHOOSE
THEIR MATES...

MOST OF THE MORE
THAN 30,000 CRATERS
ON THE SIDE OF THE MOON
FACING THE EARTH
HAVE NOT ONLY BEEN
NAMED BUT HAVE
BEEN MORE ACCURATELY
MEASURED THAN
HAVE THOSE ON
EARTH!

The Tools

by ONE PAERS

(1-11)

ARE YOU SURE
YOU KNOW HOW
TO DO THIS,
PAT?

COURSE I'M
SURE---ALL WE
NEED IS SOME OF
DADDY'S
TOOLS.

WE'LL BUILD
A SPACE SHIP
JUST LIKE THE
ONE WE SAW IN
THE MOVIES.

OWWW--!!

OOOO---
YOUR POOR
THUMB!

YOU BETTER PUT
SOMETHING ON IT QUICK,
PAT--

OKAY-- COME AND
HELP ME BANDAGE IT.

GEE-- THIS
COLD WATER
FEELS
GOOD--

WHAT'S
HAPPENED
?

I HIT MY FINGER
WITH A HAMMER AND
WE'RE GONNA BAN-
DAGE IT.

BUT-- I
DIDN'T HEAR
YOU CRY--

I DIDN'T CRY MOM
--- I DIDN'T
KNOW YOU WERE
HOME!!
